

Fall International Programs 2023

Full Day Kayak Paddle to Russell Island

This is a great paddle, where we will start out of Salt Spring's south end and paddle to Russell Island which has a great deal of Kanaka History dating back to the 1800's! We will paddle in a mix of Double and Single kayaks and paddle on the outside of the island. Those that are keen will be able to jump off the small or large cliffs on the island and swim at an extremely lovely white midden shell beach. There will be a maximum of 10 people able to attend this program and we will serve snacks, but ask you to bring a lunch so we can keep the costs down. This is a totally awesome Salt Spring Experience that is at a perfect time to take advantage of the warmer weather! Pick up and Drop off at GISS.

Kayaking to Wallace Marine Park — Great camping Experience

A spectacular weekend of camping and paddling. We leave from Hudsons Point and paddle through Trincomali to camp on historic Chivers Point on Wallace Island. The wildlife around this park is exceptional. We typically have the chance to view otters, mink, seals, eagles and a spectacular abundance of intertidal life. This camping program will include a night paddle with the phosphorescence — something you will never forget! This is always our staff pick for the most amazing kayak paddling expedition for international students. All meals, gear, food and snacks will be provided.
